Cordless Cleaning Products

Clean up to 8X Faster*

Like adding labor hours without adding staff.

Productivity and operating expenses are two of the top challenges facing facility operators like yourself. And according to the American Institute of Cleaning Sciences, vacuuming can represent 15-25% of the total costs of cleaning a building. Improve the efficiency of this fundamental task with HOOVER® Commercial cordless equipment, and get more productivity out of labor hours overall.

- ✓ **Efficiency of Cordless.**
Cleans up to 8x faster than a traditional corded upright.*
- ✓ **Lightweight.**
Over 25% lighter weight** to reduce fatigue for fewer rest breaks.
- ✓ **Cord-Free safety.**
Reduces the risk of lost time from trips and falls.

*In a Class A office building compared to a corded upright vacuum based on ISSA's 612 Cleaning Times & Tasks (2014), according to a time and motion study conducted by the American Institute for Cleaning Sciences (2019), available at Hoovercommercial.com.

**When HVRPWR CH95619 is compared based on weight with battery to previous generation cordless upright - CH95413 40V HUSTONE upright with battery.

Hidden costs of slips, trips and falls

**\$70

Maximize hours. Minimize costs.

Go cordless without compromising your bottom line.

Nobody knows better than you that improving the productivity and efficiency of an entire team can save you time and money. When you go cordless with the HOOVER® Commercial 40V battery system, your team has the swap-and-go flexibility to seamlessly recharge and replace batteries among multiple uprights and backpacks without slowing down. And, at a 40% lower price* of other cordless products, you can go cordless without compromising your budget.

Worldwide leader in battery technology

Dedicated to developing battery systems

Techtronic Industries (TTI), the parent company of the HOOVER® Commercial brand, is a recognized leader in lithium ion technology with more than 400 cordless products and 40 U.S. and global patents.

*When new unit, battery, and charger are compared by collective MSRP to the previous generation's unit (40V Hushtone 6Q Cordless Backpack - #CH93406 or 40V Hushtone Cordless Upright - #CH95413), battery (M-PWR 40V - #CH90040), and charger (M-PWR Dual Bay Charger #CH90002).
